LORENZO DALL'AMICO

Looking for a position as machine learning research engineer

lorenzo.dallamico@outlook.it (+39) 331 304 4385 50, Cours Berriat Grenoble, France
lorenzo.dallamico lorenzodallamico.github.io lorenzo-dall-amico lorenzodallamico

WORK EXPERIENCE

Junior Researcher
GIPSA lab, Grenoble INP
September 2018 – Ongoing Grenoble (France)

Stocktaking assistant
Atkins grass machinery
08-10/2013 Cork (Ireland)

Part of the *Master dei talenti neodiplomati* project.

EDUCATION

Ph.D. in theoretical machine lerning
Grenoble INP
September 2018 – Ongoing Grenoble (France)

- 8 publications in peer-reviewed journals (JMLR, Journal of statistical physics) and top conferences (Neurips, IEEE ICAASP)
- Participation to several summer schools and conferences conferences on AI and machine learning

Visit my site for more information

Double master's degree in Physics of complex systems
Politecnico di Torino, Université Paris Sud (XI)
September 2016 – July 2018 Turin, Paris

A mechanism for latent liquidity revealing into the limit order book
Final grade: 110 *cum laude*/110

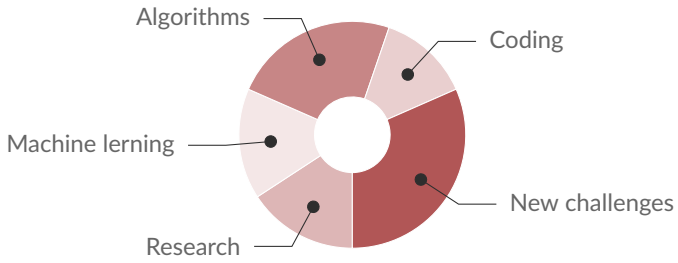
Bachelor degree in Physics engineering
Politecnico di Torino
September 2013 – July 2016 Turin

Final grade: 109/110

High school diploma
Liceo scientifico G. Peano
September 2008 – July 2013 Cuneo

Final grade: 100/100

PROFESSIONAL INTERESTS



ABOUT ME

Active young researcher used to work in a very interdisciplinary field. Fast learner, willing to take new challenges

PRIZES

NeurIPS travel award
delivered on a competitive basis to the conference partecipants

Paris Saclay scholarship - 10 000 € (2017)
delivered on competitive merit basis to promising master students

Alphaclass - Diderot project (2014)
Competitive summer school awarded to 40 students from Torino universities

Master dei talenti neodiplomati (2013)
Summer work project in Ireland awarded to 8 students out of approximately 1 000

SKILLS

Research | Theoretical machine learning | Statistical physics | Spectral clustering | Graph learning | Team working | Punctuality

Linux | Microsoft | Jupyter notebook

Python
Julia
C
Fortran
